MAYFAIR LAB **ecoSTEM**

explore • excite • empower

CURRICULUM MAP

tier one curricula

Mayfair Lab offers rigorously and clearly scoped and sequenced curricula for consistency K-8. The adopted programs have been evaluated and rated as Tier One by the Louisiana Department of Education.

Reading Foundations - Heggerty

ELA - Wit & Wisdom

Math - Eureka Math

Science - Amplify

Social Studies - Bayou Bridges & Gallopede

dual teacher model

Through a tiered implementation of the dual-teacher model, Mayfair Lab offers support and fosters independence.

Lower Elementary: lead and associate teachers in each classroom ensure a strong academic foundation

Upper Elementary: lead teacher and a shared associate teacher in each classroom offer support while guiding students to take ownership of the learning experience

Middle School: lead teacher in each classroom fosters independence, responsibility, and creativity while continuing to offer academic support

elementary enrichment

Elementary classes engage in enrichment lessons twice daily. Beginning in 4th grade, students also choose an in-school club.

- Spanish •Library •Music •Art
- PE •Guidance

middle school tracks

Mayfair Lab partners with Baton Rouge High School, Liberty Magnet High School, and LSU Cain Center to provide pathways for college and career success.

humanities electives

Creative Writing
